

Home Care in Northland (Aug 2018)

How to Organise Home Care

There are four main ways home care can be organised:

- * On discharge from public hospital, short-term help can be provided while you convalesce. Discuss with the hospital social worker.
- * Long-term supports may be provided for people with ongoing care needs. Organise through Needs Assessment and Service Co-ordination (NASC).
- * Accident Compensation Corporation (ACC) can provide home care. Arrange through your ACC case worker.
- * You can make your own private arrangements with a Home Care Agency. Not all agencies service privately paying clients.

Needs Assessment and Service Coordination (for people over 65 years)

All of Northland (except Hokianga)..... 430 4131 or 0800 888 890

Hokianga Health..... 405 7709

Needs Assessment and Service Coordination (for people 16 - 64 years)

Northland Disabilities Resource Centre..... 430 0988

Subsidised or Publicly Funded Services

A Needs Assessment is required to establish eligibility for long-term subsidised services. You must hold a Community Service Card for help with routine housework. Assistance with personal care such as showering and dressing does not require a card.

An authorised assessor will visit and discuss with you how much help you need at home. If you share accommodation, assistance from those you live with is also considered. Assessment can be provided in public hospital by a hospital-based Needs Assessor or in the community by Needs Assessment, see above.

NB: inclusion in this listing does not indicate District Health Board endorsement.

Private arrangement

For people paying privately, hourly charges start at \$29 for housework, personal care may be charged at a higher rate. This price includes GST. Most agencies offer housework and personal care, for nursing or short-term relief care look under Additional Services.

Points to consider when making private arrangement enquiry

- * Have staff members had special training?
- * Is there a charge for mileage?
- * Are there extra charges for working on weekends or public holidays?
- * Is there a minimum time charged?
- * Do you still have to pay if you go away on holiday or into hospital?
- * Is there a set up charge and how do you pay?
